Rome II

Conference in Support to Lebanese Security Institutions

On 15 March 2018, a second conference was held in Rome upon request of the Lebanese Government. The Rome II Ministerial Conference was opened by the Prime Ministers of Italy and Lebanon, and the UN Secretary General Guterres. 40 delegations attended the event in support of the Lebanese security institutions, the Armed Forces (LAF), the Internal Security Forces (ISF) and the General Security (GS).

The conference gave momentum to an enhanced international support to the Lebanese institutions, and promoted a solid commitment to the implementation of the UN Security Council Resolutions on Lebanon.

In the framework of the Rome II Conference, the partners of Lebanon pledged donations to the LAF and the Internal Security Forces (ISF), both in terms of equipment, technical assistance and training.
